Crows Nest Forest Closed To Public

Hon. Dr. J. Donovan Ross, Alberta Minister of the Department of Lands and Forests, announced today that the Crows Nest Forest and that part of the Bow River Forest south of Highway No. 1 is closed to all public travel. Due to the extreme danger of forest fire the closure became effective at 9 a.m. August 26th.

The closure will prevent access for the purpose of hunting in Wildlife Management Units S408, S406, S404, S402, S400 and those portions of F304, F306 and F308 within the forest reserve.

A public closure is also in effect in the Cypress Hills Provincial Park except for the townsite of Elkwater.

The forestry staff in the southwest has been reinforced by Forest and Fish and Wildlife officers from other parts of the province.

In addition to local fire suppression crews fifty professional native firefighters were sent south today to be ready for immediate fire action.

New lightning fires occurred yesterday throughout the northern areas of Alberta. At present there are 40 fires burning and all are in the northern part of the province. There are 26 under control, one under partial control and 13 out of control. The first out of control are small and containment is expected at an early date.

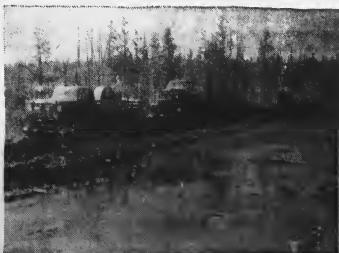

The area of greatest concern is the southwest part of the province where the extreme fire danger and windy conditions will make any fire that occurs very difficult to control.

Services Held For Dr. R. F. Stewart

STEWART - Dr. Robert Fraser, passed away in the Willow Creek Auxiliary Hospital in Claresholm on August 18, 1969 at the age of 73 years. He was born in Minnesota, Manitoba on September 21, 1885, and graduated from medical school in 1924. He then came west to Coleman to work with Dr. Borden in 1926, then to Blairmore three years later to establish a medical clinic with Dr. McLean and later on Dr. Russell.

He was a member of the Masonic Lodge and he served in both world wars. He was predeceased by one brother, Jim, in Minnedosa, in 1960 and his parents in Minnedosa. He married the former Fannie Alshire in Manitoba in Manitoba in 1928. Survivors include his wife, Fannie in Blairmore; one son, Dr. Robert James Stewart of Edmonton; one daughter, Mrs. R. (Sheila) Gooding of Edmonton; four grandchildren, three sisters, Mrs. H. (Jessie) Clark of Edmonton, Miss Alice Stewart of Brandon, Manitoba, and Miss Grace Stewart of Tucson, Arizona, U.S.A.

Funeral services were held on August 20 at 2:00 p.m. in the Blairmore United Church with Rev. David Hembling officiating.

Alberta Government Telephones is believed to be the first communications company in the world to use Foremost Super Tracked Carriers to lay buried cable through what would formerly have been considered impenetrable muskeg.

Two of the tracked carriers linked in tandem today completed the task of laying an AGT cable layer from Smith, through 20 miles of muskeg, to Alberta Gas Trunk Line's Mitsue Compressor Station. The communications link is being established so that the compressor station can be controlled remotely from Calgary.

Almost insurmountable obstacles were routine along the route, and the cable layer moved ahead at only slightly more than a mile a day. The men not infrequently had

Council Approves E.M.O. Agreement

Joe Beigin, foreman of the Coleman Gas Company, reported to council at its meeting this week that work has commenced on laying the new 3 1/2 inch gas pipe line to service the new composite high school being built east of town.

Council approved and signed the EMO Peace-time Disaster Mutual Aid Agreement which provided for the Crowsnest Pass towns and district to work together and use each others equipment and facilities in the time of disaster.

Town secretary-treasurer Clarence Schile was appointed returning officer for the forthcoming elections to be held on Oct. 15. Three seats will be vacant as the terms of John Binda and Fred MacLeod expire and Peter Walker resigned in June.

Reports indicated that local residents were dumping refuse and garbage on the west side of the nuisance grounds which is prohibited. Council has announced that provision has been made for dumping on the east side only.

Council nodded approval to a new and used car dealership starting up in town.

Reports indicated that work on the laying of a new water line to service the new composite high school being built at the east end of town by the Crowsnest Pass School Division No. 63 was making good progress.

Phillips Cables Employees Vote Strike

Frank Houda, president of Canadian Electrical Workers Union, Local 2, has announced that employees of Phillips Cables (Western) Ltd., Coleman, Alberta, voted Monday to reject a conciliation board award which recommended an across the board hourly increase of 45 cents. The increase to be in three stages, 15 cents retroactive to February 1969, 15 cents in October 1969 and 15 cents in June 1970. The agreement to expire February 17, 1971.

There are over 100 employees affected. Ninety-three per cent of the employees voted to reject the wage increase.

Employees are members of the Canadian Electrical Workers Union, Local 2, Blairmore. It is the first contract for the C.E.W.U. in Alberta.

Negotiations were started March 1969. All stages of negotiations have been completed. The union has applied for a strike vote which should be conducted within two weeks. At that time the employees can strike.

Wages at the plant now range from \$1.40 per hour to a Trade Rate of \$2.82 per hour. The Union recommended rejection of the conciliation report and considers the report unrealistic, and on the question of wages - does not meet the basic requirement.

STRIKING CONTRAST - The natural splendor of the Horseshoe Falls at Niagara Falls stands in dramatic contrast to the craggy precipice of the American Falls, which was still temporarily on study by the U.S. Army Corps of Engineers in an effort to halt the erosion that has allowed the rocks to pile up at the base of the cataract. (International News Bureau photo, courtesy Power Authority of the State of New York.)

"Learn To Swim"

Sixty-five young enthusiasts from the Pass attended swimming classes in Pincher Creek this summer. The following is a list of swimmers in their respective categories:

Beginners - Gail Wells, Blairmore; Diane Wells, Blairmore; Tim Randalls, Blairmore; Darren Randalls, Blairmore; Ken Batke, Blairmore; Kim Batke, Blairmore; Nancy Hall, Blairmore; Pat Hall, Blairmore; Francis Houda, Bellevue; Michael Houda, Bellevue; Randy Houda, Bellevue; Kelly Clarry, Coleman; Andy Bell, Bellevue; Dale Paton, Bellevue; Randy Linderman, Hillcrest; Terry Vaughn, Hillcrest; Tim Vaughn, Hillcrest; Bruce Jackson, Hillcrest; Karen Dobek, Blairmore; Joan Radford, Blairmore; Gary Sartorio, Blairmore; Bruce Zak, Coleman.

Intermediates - Terry Brazzoni, Bellevue; Douglas Koinberg, Blairmore; Roberta (unknown), Bellevue; Lori Koinberg, Blairmore.

Seniors - David McQue, Blairmore; Allan Serra, Blairmore. In all there were 43 beginners, 16 juniors, four intermediates and two seniors.

A further breakdown shows that there were nine swimmers from Hillcrest, 18 from Bellevue, 33 from Blairmore and five from Coleman.

These young people were able to attend these lessons only because their parents had the initiative and the drive to make sure that their children learned to swim.

Forest Guard News

The Coleman Girl Forest Guards will resume meetings for the fall this Thursday, Sept. 4th at 6:30 p.m. in the United Church club room.

Registration for new members, ages nine to sixteen years, will be accepted up until the end of September.

Mrs. Harry Bergquist (acting councillor) accompanied Girl Forest Guards, Candis Haslett and Debbie Bergquist to the Provincial Junior Forest Warden Camp at Jarvis Lake for a week in August.

REC NEWS

The long awaited "Swimming Pool Report" has arrived in the Pass. This Wednesday, August 27, the Recreation Board will be meeting with A. C. Milroy and Associates, the consultant engineering firm responsible for the preliminary report, to discuss the report further and prepare it for public release.

The 31-page report deals with "General Site Analysis", "Preferred Sites", "Final Site Selection", "Type of Construction", "Cost Estimates" and "Recommendations".

At a meeting of the Board's Swimming Pool Committee, it was decided that all details in the above areas would be released only after the Board as a whole, had been given an opportunity to see the report. As the report progresses, you can be assured that you will receive an account of happenings in this paper.

The Pass, I am convinced, is unanimous in their feeling that a "Swimming Pool" is a much-needed recreation facility in our area. People here agree that a pool is needed, not only for our young people, but for the good and welfare of all residents, young and old. The value that can be derived through swimming, through recreation, is being recognized by the Pass. Another fact that has been brought out often, in many discussions, is that we have a much larger drawing area than was first thought of. An enclosed pool could draw from Pincher Creek to Sparwood, adding much to the revenue in operating a pool.

On checking with the Pincher Creek Recreation Department, it was interesting to find out the number of Pass young people that enrolled in their "Learn To Swim Program".

The total number was 65 with 43 beginners, 16 juniors, four intermediates and two seniors.

The total number of miles driven by parent car pools, so that their children may learn to swim, is hard to determine. In any event they must be congratulated.

A "Flip of the Pen" to these very dedicated people.

Gouty arthritis appears in men much more frequently than in women. According to The Canadian Arthritis and Rheumatism Society, the treatment for gouty arthritis is now both effective and simple.

Pass Old-timer Passes Away

McINNIS - William, of Bellevue, passed away in the Crows Nest Pass Hospital on July 22, 1969, at the age of 65 years.

He was born in Port Hood, Cape Breton, Nova Scotia, on March 2, 1884, and came to Cabri, Sask., in 1917 to farm. He moved to Coleman in 1919, then to Bellevue in 1927, and had resided there since.

He worked as a coal miner in Bellevue and Coleman until his retirement in 1953.

He married the former Agnes Gillis in Inverness, Nova Scotia, in 1908, and the couple celebrated their sixtieth wedding anniversary last year.

He was a life member of the Canadian Legion in Bellevue and Bellevue Local UMWA and of the Catholic Faith.

He was predeceased by two sons, Alex in 1938 in Bellevue, Jackie in Prince George in 1965; one daughter, Bernadette in Bellevue in 1941 and his parents in Nova Scotia.

Survivors include his wife Kate Agnes of Bellevue; seven daughters, Mrs. J. (Florence) Misson of Calgary, Mrs. R. (Effie) Blake of Calgary, Mrs. J. (Marie) Kinnear of Coleman, Mrs. R. (Catherine) Draper of Pincher Creek, Mrs. K. (Bonnie) McGregor of Calgary, Mrs. R. (Isabelle) Root of Blairmore and Mrs. R. (Pat) Morkin of Calgary; a son, William of Calgary; a sister, Mrs. Dunbar of Halifax; forty-four grandchildren, seventeen great grandchildren.

Prayers were said in St. Cyril's Catholic Church in Bellevue on July 25th. Requiem Mass was celebrated by Father Hugh Allan MacDonald of the Holy Rosary Cathedral staff in Vancouver, by Father Arthur Anderson of Calgary, and Father Jim Hagel of Blairmore on July 25th.

Interment followed in the Bellevue Catholic cemetery.

Palbearers were Alex Kinnear, Allan Draper, Jack Morkin, Lenord Blake, Don McGregor and Glen Misson.

Fantin Chapels Ltd. was in charge of arrangements.

Fire Brigade Attends Three Fires

Fire Chief Henry Zak reported this week that the Coleman Volunteer Brigade has been kept on the alert due to extremely dry conditions that exist in the district.

During the past week the brigade was called out to put out a grass fire in the Carbonade district on Monday; extinguish a small shed in east Coleman that caught fire on Wednesday and during the same day were called out to put out a grass fire on the CPR right of way in Willow Drive west of Coleman. Chief Zak reported that no loss was realized in any of the fires.

SKIPPY, The Bush Kangaroo, an exciting family adventure series set in the bushland of Waratah National Park, near Sydney, Australia, is seen each Saturday on the CBC-TV network. Ed Devereaux (right) plays the park's head ranger Mat Hammond, assisted by his two sons, Sonny and Mark, played by Gerry Panikurst and Ken James. Tony Bonner (top left), is seen as flight ranger Jerry King. Skippy, their beautiful gray kangaroo pet, carries messages, save lives and carries out useful services.

Pensions, Benefits Up Again In 1970

OTTAWA — Increases in the Old Age Security Pension and the Guaranteed Income Supplement in 1970 were announced today by the Health and Welfare Minister John Munro.

Mr. Munro and Revenue Minister J. P. Cote also jointly announced similar increases in Canada Pension Plan retirement pensions, survivors' benefits and contributions effective next year.

Cheques issued in January will reflect these increases.

This action will follow a two per cent increase in the Pension Index, the maximum allowed by legislation, from 113.7 for 1969 to 116.0 for 1970. The Pension Index reflects increases in the Consumer Price Index, which, beginning in January, 1969, was converted to a 1961 time base from the previous 1949 time base.

The maximum monthly amount of the combined Old Age Security pension and Guaranteed Income Supplement in 1970 will be \$111.41, up from \$109.20. The OAS pension will rise from \$78 to \$79.59 monthly. More than 1,600,000 Canadians will benefit including those whose pensions will begin in January when the eligible age will drop to 65 years. In addition, 780,000 Old Age Security pensioners will benefit from an increase in the Guaranteed Income Supplement.

The maximum monthly GIS payment will rise from \$31.20 to the 1970 rate of \$31.83.

Mr. Cote said maximum annual pensionable earnings under the Canada Pension Plan will reach \$5300 in 1970, up from the 1969 figure of \$5200. He also pointed out maximum yearly contributions by employers and employees will rise to a new figure of \$84.60 each. The 1969 rate was \$82.80. For self-employed persons, the new maximum will be \$169.20. It was \$165.60 this year.

Mr. Munro said all retirement pensions under the Canada Pension Plan in payment in December, 1969, will be increased by two per cent in 1970. With the increase in the year's maximum pensionable earnings, retirement pensions which become payable for the first time in 1970 will be slightly higher than those in 1969. On the basis of the new ceiling of \$5300 the maximum rate of full retirement pensions, first payable in 1976 will rise to \$110.42 monthly from the present \$108.33.

In January, 1970, survivors' benefits in payment in December, 1969, will increase by two per cent. Orphan's benefits and the flat-rate components of pensions to widows and disabled widowers will increase from \$26.01 to \$26.53 a month. By the end of 1969, Mr. Munro estimated, more than 140,000 Canadians would be receiving monthly retirement pensions and survivors' benefits under the Canada Pension Plan.

The maximum death benefit payable under the Plan, for deaths in 1970, will be \$530.

Information regarding benefits and contributions in the province of Quebec will be announced today by the Quebec Pension Plan and the provincial revenue department.

I Hunt Like a Gentleman ... Do You?

The Alberta Fish and Game Association's "I Hunt Like a Gentleman — Do You?" campaign is multi-purpose.

It is designed to remind the sportsmen of Alberta who will soon be taking to the fields that when they hunt they have responsibilities.

1—To respect the rights of the land owner whose guests they are, while hunting on private land, closing gates, pick up garbage, respect of crops.

2—To remind sportsmen when they are in the fields to respect their fellow hunters in regard to safety, good hunting manners, and sportsmanship, and respect other persons and their property.

3—The program is to remind hunters of the principle of hunting. Hunting is a wholesome outdoor recreation and the reward of getting the game is not the only motive. The sport of hunting is not driving around in a car, shooting out of the window and being a vandal. It only takes a few vandals to spoil the sport of hunting for those who do obey. But Fair Chase.

To encourage the reporting of acts of vandalism and infractions of the Game Act, the Alberta Fish and Game Association offers rewards up to \$100.00 for information leading to the arrest and conviction of offenders. Report all acts to your local Fish and Wildlife officer or RCMP.

Since there are over 100,000 persons in the field hunting in the Province of Alberta, with a relatively small number of enforcement officers, acts of vandalism, illegal killing of animals and Game Act infractions are increasing and make it extremely difficult for the law-abiding hunter.

The Alberta Fish and Game Association hopes that those who have been abusing this privilege will have second thoughts about their unscrupulous conduct.

Large quantities of the bumper stickers have been distributed to the 110 member clubs of the Alberta Association for distribution to their members.

Lions Bingo Winners

Emily Hruby of Bellevue was the lucky winner of the \$100 cash jackpot at the Lions bingo night. Other winners were \$12 each, Marion Dudley, Mrs. Thomson, Helen Coccione; \$10 each, Eva Pierzchala, Marion Dudley, Mr. Ferio (twice), Bruno Megalli, Mrs. Kinnear St.; \$40, Marge Kubica; \$6 each, Mrs. Balayewich, Farina Langille, Cliff Lether, John Pierzchala.

The next bingo to be held Sept. 10 will feature two \$50 to go cash games, \$25 in six or less numbers, five \$12, five \$10 and other games according to attendance.

The Canadian Arthritis and Rheumatism Society's goal is a total answer to the arthritis problem — both prevention and cure. — The CARS bluebird is the symbol of help and hope.

BREWERY GROUP DONATION BOOSTS UNIVERSITIES FUND

A donation of \$50,000 from Canadian Breweries Ltd., has given a further boost to the Alberta Universities Capital Fund Campaign, which is aiming to raise \$25,000,000 over the next five years for urgently needed capital expenditures at the three universities in the province. This contribution brings to \$3,500,000 in private funds already contributed to the campaign, which will be matched dollar for dollar by the Provincial Government. Presentation of the Canadian Breweries donation was made by A. J. Fitzgerald, General Manager for the Alberta subsidiary of the Company, to Dr. A. W. Platt, Provincial Campaign Chairman. In making the contribution Mr. Fitzgerald emphasized that Canadian Breweries had made the gift because of their sense of corporate responsibility to higher education, and that the money was not destined to any specific university. The Canadian Brewery group was made up of its brand subsidiaries in Alberta: the Breweries (Alberta) Limited, Calgary Brewing & Malting Co. Ltd., Bohemian Malt Brewing Co. Ltd., Breweries of Okla. Products in Alberta, and Edmonton.

What About Beef Prices?

There is no denying that the cost of beef has risen, particularly in the last few months. But let us not forget that beef prices have NOT kept pace with the cost of producing it nor with the general cost of living. Most wage-earners insist that their wages must increase every year but they seem to feel that food prices should not follow the same pattern or at least not to the same extent.

Taking 1949 as index 100, the index of live cattle prices in mid-1968 stood at 138. At the same time the index of farmers' and ranchers' costs of production had climbed to 172.2.

Over this 20 year period only twice has the cattle dollar been worth more than 100 per cent—that is 100 per cent more than the actual consumer dollar. One year the cattle dollar was less than 70 per cent. The average over this 20 year period has been 80 per cent where it presently stands.

It would be interesting to know the reaction of the wage-earner if he had to accept an average net income of 80 per cent of what he received back in 1949. This has not happened because the index of salaries is up to 237. Allowing for the increase in the cost of living, the index for NET incomes is 153, a 53 per cent increase since 1949.

The result then is that the wage-earner is in a 53 per cent better position since 1949 while the cattle producer is in a 20 per cent worse position! It should be remembered that the producer also suffers from the increases in the cost of living which have not been taken into consideration here.

Putting it another way, one hour wages today will buy twice as much sirloin as that same hour would buy back in 1949.

So, what about the price of beef?

WEDDING

KOST - MALANCHUK

St. Michael's Roman Catholic Church, Pincher Creek, was the scene of a recent afternoon wedding ceremony uniting in marriage Karen Marion Malanchuk, of Pincher Creek and Joe A. Kost, son of Mr. and Mrs. Roland Durr of Medicine Hat.

Pink peonies graced the altar before which the bride was given in marriage by her father, with Rev. Father John Schuster officiating at the double-ring ceremony. Mrs. Anita Yaklin presided at the organ.

A floor-length gown of tigeoda crepe and chantilly lace, styled with lily-point sleeves, coat-effect front falling softly from empire bodice to a cathedral train. Her finger-tip bluish veil misted from a headpiece of daisies and her onyx jewelry was a set of cultured pearl earrings, gift of the groom. Red roses and white stephanotis in fern, with cascading white ribbon and rosebuds, formed her bouquet.

Pink crepe street-length dresses with short sleeves and white lace over dress were chosen by the bride's attendants, makron of honor Mrs. Stuart Hehr, Medicine Hat, and bridesmaid Mrs. Clifford Scott of Didsbury.

Matching pink bows with flowing net, white shoes and gloves, completed their ensembles and they wore pearl necklaces and earrings. Their bouquets of pink roses and white daisies were set in fern.

Flower girl, Maureen Hinman, wore a pink crepe dress to match those of the senior attendants, fashioned with three-quarter length bell sleeves. She wore a pink hairbow and white shoes and gloves. A drop pearl necklace formed her jewellery and she carried a basket of pink roses and daisies, set in fern.

Serving as the groom's attendants were Vern Kost and Mert Jackson, with Stuart Hehr and Mel Eberwein ushering guests to their places in the church.

Summer flowers and lighted tapers set the scene for a reception in the Dieppe Memorial hall, where a cake, made by the bride's mother and decorated by Michael Slavens of Fernie, B. C., centered the bride's table. A toast to the couple was proposed by S. W. Hinman.

For her travelling costume the bride chose a yellow knit dress, with white, pleated skirt, with which she wore a red rose corsage.

Out of town guests at the wedding were from Vancouver and Fernie, B. C.; Coleman, Blairmore, Didsbury, Olds, Calgary, Edmonton, Clareholm, Medicine Hat and Redcliff.

Mr. and Mrs. Kost will reside in Medicine Hat.

Letter to the Editor

195 Maddock Ave. W.,
Victoria, B. C.,
Aug. 34, 1969.

Dear Tom:

I would have liked more time to chat with you and Mildred and the many other friends of Mother and the family, when we laid her to rest beside Dad "up on the hill" but we got caught up in a movement which took us out and down the hill before we knew it.

I might have said I would have liked to have chatted with the mourners, but there should have been no mourning; a sadness perhaps, but not mourning. We were happy for her. After almost a century of life, a chapter that had long become tedious and uninteresting, had come to a close.

We loved her deeply and remember her as a woman of great character, with a feeling for people, and possessed of much wisdom. Somewhat of a magician, too. She conjured up money for us when there simply wasn't any.

The evidence of affection and esteem which was evident on every hand, could only be found in a small town such as Coleman, or Blairmore, or Bellevue; certainly not in the jungle of high-rises.

It gives one a warm feeling to know that no matter the passing of time, or her absence from them, her friends felt a sadness at her going; that time had chipped away another small part of the familiar scene — of the things that make up our lives.

Kindest regards,
AL.

No Hunting Season For Antelope

The Minister of Lands and Forests for the Province of Alberta, the Hon. Dr. J. Donovan Ross, announces that as a result of a much reduced antelope population in Alberta, there would be no hunting season for antelope in 1969.

Recent surveys conducted by the Fish and Wildlife Division staff indicate a current population of some 4500 animals, a reduction of about 60 per cent from one year ago when the population was estimated at 9800 head.

The severe winter weather of the past winter is held primarily responsible for the decline both through the starvation loss of adult animals and the poor production of fawns this spring. The hunting season of 1968 resulted in a ten per cent harvest of the total herd while natural mortality accounted for a further 50 per cent.

Adverse winter conditions have

caused a continual decline from the 1964 population of 18,000 to 20,000 animals.

A season was originally declared for late October but will now be cancelled. A very restrictive season on male antelope only was considered but in light of the fact that antelope are at only 20 per cent of their desired level a season of any nature is not considered to be in the overall public interest.

Dr. Ross stated that those parties who have already applied for special licences will have their applications and licence fees returned to them.

Card of Thanks

We wish to express our sincere thanks to all those who sent flowers and cards, the pallbearers, Victoria Rebekah Lodge, Minerva Chapter O.E.S. and to all those who helped in any way during our recent sad bereavement in the loss of our dear mother, the late Mrs. E. Lonsbury.

— Mr. and Mrs. Wm. Lonsbury,

Mrs. Josephine Claes from Vancouver, B.C. visited relatives in the Crownsnest Pass recently.

Mr. and Mrs. Eugene Montalbetti recently spent a holiday in the Okanagan Valley and other B.C. points.

A renewal subscription was received from Mr. and Mrs. Robert Patinson of Calgary. Friends will be pleased to hear that Bob is home again after being a patient in the Mayo Clinic at Rochester, Minn., U.S.A.

Mr. and Mrs. Eddie Cornett of Calgary visited the former's parents, Mr. and Mrs. Mel Cornett.

Mr. and Mrs. I. Dixon of Vancouver, B.C. and their niece, Miss Lynda Dunlop, visited Mrs. Dixon's sister and brother, Miss Margaret and Hugh Dunlop.

Western Council For Travel Research Conference

"A definite milestone and a giant step forward towards establishing the most effective methods of developing the Travel Industry."

This was Dr. Mark Lowenthal's reaction today to the most significant travel industry news to come out of the Western Council for Travel Research Conference held in Edmonton, Alberta, August 17-20. This was the announcement of the suggested affiliation of the two largest travel research associations in North America - the Western Council for Travel Research Inc. with headquarters in Salt Lake City and Travel Research Association centered at New York.

Committees of both organizations have been actively working on the proposed amalgamation for about two years.

The final draft was presented by Vice-president William Keeling

to the W.C.T.R. conference today (August 18th), and was unanimously ratified by the membership of that organization.

Dr. Lowenthal, the president of T.R.A. will present the proposal to his organization at their upcoming meeting.

If accepted by the eastern organization, the new group will be called The Travel Research Association - with each group keeping its regional identity as 1, Western Council for Travel Research, and 2, Eastern Council for Travel Research.

With the rapid development of travel research has come to play a most important part and will be increasingly vital in the fast-moving events of the future. It is imperative that this aspect of the industry have definite plans and its goals firmly established.
